BACKGROUND

From certified sustainable vineyards in Marlborough's prime sub regions, comes this smoothly luxurious Pinot Noir.

WINEMAKING

The grapes were picked and de-stemmed. then cold-soaked. The juice was fermented in stainless steel tanks at various temperatures to capture the true character of this Marlborough Pinot Noir.

TASTING NOTE

Cherry and sweet plum characters on the palate and are joined by earthy flavors, and notes of strawberry and caramel. Fresh and juicy with an elegant finish.

ABOUT SAM'S CREEK

They say wine is a mirror of the place and time it came from, either through climate, geography, season, or pure inspiration. Bubbling contentedly through the Cowslip Valley Vineyard, situated in one of the Southern Valleys of the Marlborough region, is a small, but charmingly enthusiastic waterway: Sam's Creek. It's a place of peace and energy, restoration and of course inspiration for this deliciously sustainable range of meticulously crafted wines; vibrant, tropical and expressive with the crisp acidity that consumers around the world have grown to know and love. Sam's Creek may be small, but it packs a mighty punch.
