## Fabre Montmayou receives 97 points from Descorchados

As we bring you more new award announcements, we are excited to announce an impressive 97 points for Fabre Montmayou Grand Vin. The 2022 vintage was also awarded the title of best wine from Vistalba.

This high score was just one of the new 2025 results from Descorchados for these premium wines from winemaker and leading Malbec authority Hervé Joyaux Fabre.

### Fabre Montmayou Grand Vin 2022 97 points MEJOR VISTALBA

Grand Vin is Fabre's most ambitious wine and has been produced since the 1993 vintage from a selection of very old vines in a vineyard that was established in 1908, beside the current winery in the Vistalba area. These are plants that survived the strong real

estate pressure in this part of Luján de Cuyo. And over the years, it has been transformed from a full-bodied wine with a lot of concentration (but never excessively so), to the versions that have followed since 2016, when it began to be more fluid. This version is a good example of that change with its ripe red fruits, violets and spicy, juicy tones. The acidity is friendly, but with energy, and the tannins are sharp and fine. What has not changed since 1993 is the blend: 85% malbec, 10% cabernet sauvignon, and 5% merlot.

### Fabre Montmayou Gran Reserva Malbec 2022 94 points

"Gran Reserva comes from a selection of vines from a vineyard established in 1908 in the Vistalba area, next to the Fabre winery in Luján de Cuyo. Of course, not all the vines are 100 years old, but, according to winemaker Juan Bruzzzone, the average must be around 50 years old, because many plants have already died. In any case, this is a clear expression of this classic Mendoza area. A malbec with deep flavors of black fruits and notes of violets. The tannins are soft but have enough strength for grilled meat. A classic."

### Fabre Montmayou Reserva Cabernet Sauvignon 2023 92 points

"From the Perdriel area, and from vines that are about 30 years old, here is a warm-climate cabernet sauvignon sculpted under the generous Mendoza sun. It has herbal notes, but above all, ripe black fruits. The floral tones in the background give it complexity. The palate is strong, with good tannins that call for meat. This is an excellent value for money and even a wine for the cellar."

### Fabre Montmayou Reserva Malbec 2023 91 points

"This red wine is the entry wine to the old malbec vines that Fabre has in the traditional Vistalba area in the Luján de Cuyo DOC. A legacy of vineyards that are slowly disappearing as the city advances. In this case, they are surviving vines that are about 40 years old that produce a wine with ripe red fruits and deep flavors. Very soft tannins and that friendly acidity that highlights the sweetness of the fruits."
