

## CAROUSEL - wines to enjoy now

CAROUSEL is a range of spectacular sparkling wines made in France, served in the mythical Carousel bar of the Monteleone Hotel in the heart of New Orleans.

These bubbles are perfect for adding sparkle to those simple celebrations that we'd like to enjoy all year round with family and friends. A great addition to any wine range, offering variety and versatility.

The name of these wines recalls a festive occasion, like a merry go round of laughter and smiling faces. Lively and festive, the fine bubbles of CAROUSEL recall the soul of NOLA and those great moments of sharing that often happen in the very genuine French Quarter.

Our CAROUSEL wines have been elegantly crafted in line with that spirit, a stringent selection of white or black grape varieties, carefully curated and matured.
