WINE GROUP

## Our Story

Since our exit from the Bordeaux business in 2018, our love for the wines from the region have never waned. After a successful launch of both Les Cailloux and Grands Périples, we have continued searching for more stellar properties to add to what we now call our Bordeaux Collection. A focused portfolio of properties handpicked for quality and value that are exclusive to us.

We're excited to be back in the Bordeaux business, and we hope you will enjoy our growing collection.
